INTRODUCTION

This document is a description of Southeast Pipe Survey Employee Health Plan (the Plan). No oral interpretations can change this Plan. The Plan described is designed to protect Plan Participants against certain catastrophic health expenses.

Coverage under the Plan will take effect for an eligible Employee and designated Dependents when the Employee and such Dependents satisfy the Waiting Period and all the eligibility requirements of the Plan.

The Employer fully intends to maintain this Plan indefinitely. However, it reserves the right to terminate, suspend, discontinue or amend the Plan at any time and for any reason.

Changes in the Plan may occur in any or all parts of the Plan including benefit coverage, deductibles, maximums, co-payments, exclusions, limitations, definitions, eligibility and the like.

Failure to follow the eligibility or enrollment requirements of this Plan may result in delay of coverage or no coverage at all. Reimbursement from the Plan can be reduced or denied because of certain provisions in the Plan, such as coordination of benefits, subrogation, exclusions, timeliness of COBRA elections, utilization review or other cost management requirements, lack of Medical Necessity, lack of timely filing of claims or lack of coverage. These provisions are explained in summary fashion in this document; additional information is available from the Plan Administrator at no extra cost.

The Plan will pay benefits only for the expenses incurred while this coverage is in force. No benefits are payable for expenses incurred before coverage began or after coverage terminated. An expense for a service or supply is incurred on the date the service or supply is furnished.

If the Plan is terminated, amended, or benefits are eliminated, the rights of Covered Persons are limited to Covered Charges incurred before termination, amendment or elimination.

This document summarizes the Plan rights and benefits for covered Employees and their Dependents and is divided into the following parts:

Eligibility, Funding, Effective Date and Termination. Explains eligibility for coverage under the Plan, funding of the Plan and when the coverage takes effect and terminates.

Schedule of Benefits. Provides an outline of the Plan reimbursement formulas as well as payment limits on certain services.

Benefit Descriptions. Explains when the benefit applies and the types of charges covered.

Cost Management Services. Explains the methods used to curb unnecessary and excessive charges.

This part should be read carefully since each Participant is required to take action to assure that the maximum payment levels under the Plan are paid.

Defined Terms. Defines those Plan terms that have a specific meaning.

Plan Exclusions. Shows what charges are **not** covered.

Claim Provisions. Explains the rules for filing claims and the claim appeal process.

Coordination of Benefits. Shows the Plan payment order when a person is covered under more than one plan.

Third Party Recovery Provision. Explains the Plan's rights to recover payment of charges when a Covered Person has a claim against another person because of injuries sustained.

COBRA Continuation Options. Explains when a person's coverage under the Plan ceases and the continuation options which are available.

ERISA Information. Explains the Plan's structure and the Participants' rights under the Plan.

ELIGIBILITY, FUNDING, OPEN ENROLLMENT, EFFECTIVE DATE AND TERMINATION PROVISIONS

A Plan Participant should contact the Plan Administrator to obtain additional information, free of charge, about Plan coverage of a specific benefit, particular drug, treatment, test or any other aspect of Plan benefits or requirements.

ELIGIBILITY

Eligible Classes of Employees. All Active Employees of the Employer.

(a) Exempt employee is defined as are those who are exempt from certain wage and hour laws, i.e. overtime pay.

(b) Non-exempt employee is defined as employees receiving hourly wages; subject to wage and hour laws, i.e. overtime pay.

Eligibility Requirements for Employee Coverage. A person is eligible for Employee coverage from the first day that he or she:

- (1) is a Full-Time, Active Employee of the Employer. An Employee is considered to be Full-Time if he or she normally works at least 40 hours per week and is on the regular payroll of the Employer for that week.
- (2) is in a class eligible for coverage.
- (3) completes the employment Waiting Period of 90 consecutive days as an Active Employee all employees. Effective date is the first day of the month following the 90 days of employment. A "Waiting Period" is the time between the first day of employment and the first day of coverage under the Plan. The Waiting Period is counted in the Pre-Existing Conditions exclusion time.

Eligible Classes of Dependents. A Dependent is any one of the following persons:

- (1) A covered Employee's Spouse and unmarried children from birth to the limiting age of 19 years. The Dependent children must be primarily dependent upon the covered Employee for support and maintenance. However, a Dependent child will continue to be covered after age 19, provided the child is a full-time student at an accredited school, primarily dependent upon the covered Employee for support and maintenance, is unmarried and under the limiting age of 25. When the child reaches either limiting age, coverage will end on the child's birthday. If the child does not maintain full-time status or graduates, coverage closes independent of limiting age.

Full-time student coverage continues only between semester/quarters if the student is enrolled as a full-time student in the next regular semester/quarter. If the student is not enrolled as a full-time student, coverage will be terminated retroactively to the last day of the attended school term.

The term "Spouse" shall mean the person recognized as the covered Employee's husband or wife under the laws of the state where the covered Employee lives. The Plan Administrator may require documentation proving a legal marital relationship.

The term "children" shall include natural children living in the same household as the Employee, adopted children or children placed with a covered Employee in anticipation of adoption. Step-children who reside in the Employee's household may also be included as long as a natural parent remains married to the Employee and also resides in the Employee's household.

If a covered Employee is the Legal Guardian of an unmarried child or children, these children may be enrolled in this Plan as covered Dependents.

The phrase "child placed with a covered Employee in anticipation of adoption" refers to a child whom the Employee intends to adopt, whether or not the adoption has become final, who has not attained the age of 18 as of the date of such placement for adoption. The term "placed" means the assumption and retention by such Employee of a legal obligation for total or partial support of the child in anticipation of adoption of the child. The child must be available for adoption and the legal process must have commenced.

Any child of a Plan Participant who is an alternate recipient under a qualified medical child support order shall be considered as having a right to Dependent coverage under this Plan.

A participant of this Plan may obtain, without charge, a copy of the procedures governing qualified medical child support order (QMCSO) determinations from the Plan Administrator.

The phrase "primarily dependent upon" shall mean dependent upon the covered Employee for support and maintenance as defined by the Internal Revenue Code and the covered Employee must declare the child as an income tax deduction. The Plan Administrator may require documentation proving dependency, including birth certificates, tax records or initiation of legal proceedings severing parental rights.

- (2) A covered Dependent child who reaches the limiting age and is Totally Disabled, incapable of self-sustaining employment by reason of mental or physical handicap, primarily dependent upon the covered Employee for support and maintenance and unmarried. The Plan Administrator may require, at reasonable intervals during the two years following the Dependent's reaching the limiting age, subsequent proof of the child's Total Disability and dependency.

After such two-year period, the Plan Administrator may require subsequent proof not more than once each year. The Plan Administrator reserves the right to have such Dependent examined by a Physician of the Plan Administrator's choice, at the Plan's expense, to determine the existence of such incapacity.

These persons are excluded as Dependents: other individuals living in the covered Employee's home, but who are not eligible as defined; the legally separated or divorced former Spouse of the Employee; any person who is on active duty in any military service of any country; or any person who is covered under the Plan as an Employee.

If a person covered under this Plan changes status from Employee to Dependent or Dependent to Employee, and the person is covered continuously under this Plan before, during and after the change in status, credit will be given for deductibles and all amounts applied to maximums.

If both mother and father are Employees, their children will be covered as Dependents of the mother or father, but not of both.

Eligibility Requirements for Dependent Coverage. A family member of an Employee will become eligible for Dependent coverage on the first day that the Employee is eligible for Employee coverage and the family member satisfies the requirements for Dependent coverage.

At any time, the Plan may require proof that a Spouse or a child qualifies or continues to qualify as a Dependent as defined by this Plan.

FUNDING

Cost of the Plan. Southeast Pipe Survey shares the cost of Employee and Dependent coverage under this Plan with the covered Employees. The enrollment application for coverage will include a payroll deduction authorization. This authorization must be filled out, signed and returned with the enrollment application.

The covered Employee contribution is set by the Plan Administrator. The Plan Administrator reserves the right to change the level of Employee contributions.

ENROLLMENT

Enrollment Requirements. An Employee must enroll for coverage by filling out and signing an enrollment application along with the appropriate payroll deduction authorization. The covered Employee is required to enroll any Dependents they wish to have on the Plan.

Enrollment Requirements for Newborn Children.

A newborn child of a covered Employee who has Dependent coverage is not automatically enrolled in this Plan. Charges for covered nursery care will be applied toward the Plan of the covered parent. If the newborn child is required to be enrolled and is not enrolled in this Plan on a timely basis, as defined in the section "Timely Enrollments" following this section, there will be no payment from the Plan and the covered parent will be responsible for all costs.

Charges for covered routine Physician care will be applied toward the Plan of the covered parent if the newborn of a covered Employee is enrolled. If the newborn child is required to be enrolled and is not enrolled in this Plan on a timely basis, there will be no payment from the Plan and the covered parent will be responsible for all costs.

If the child is required to be enrolled and is not enrolled within 31 days of birth, the enrollment will be considered a Late Enrollment.

TIMELY ENROLLMENT

- (1) **Timely Enrollment** - The enrollment will be "timely" if the completed form is received by the Plan Administrator no later than 31 days after the person becomes eligible for the coverage, either initially or under a Special Enrollment Period.

If two Employees (husband and wife) are covered under the Plan and the Employee who is covering the Dependent children terminates coverage, the Dependent coverage may be continued by the other covered Employee with no Waiting Period as long as coverage has been continuous.

- (2) **Late Enrollment**- An enrollment is "late" if it is not made on a "timely basis" or during a Special Enrollment Period. Late Enrollees and their Dependents who are not eligible to join the Plan during a Special Enrollment Period may join only during open enrollment.

If an individual loses eligibility for coverage as a result of terminating employment or a general suspension of coverage under the Plan, then upon becoming eligible again due to resumption of employment or due to resumption of Plan coverage, only the most recent period of eligibility will be considered for purposes of determining whether the individual is a Late Enrollee.

The time between the dates a Late Enrollee first becomes eligible for enrollment under the Plan and the first day of coverage is not treated as a Waiting Period. Coverage begins on January 1.

SPECIAL ENROLLMENT PERIODS

The enrollment date for anyone who enrolls under a Special Enrollment Period is the first date of coverage. Thus, the time between the date a special enrollee first becomes eligible for enrollment under the Plan and the first day of coverage is not treated as a Waiting Period.

- (1) **Individuals losing other coverage.** An Employee or Dependent, who is eligible, but not enrolled in this Plan, may enroll if each of the following conditions is met:

 - (a) The Employee or Dependent was covered under a group health plan or had health insurance coverage at the time coverage under this Plan was previously offered to the individual.
 - (b) If required by the Plan Administrator, the Employee stated in writing at the time that coverage was offered that the other health coverage was the reason for declining enrollment.
 - (c) The coverage of the Employee or Dependent who had lost the coverage was under COBRA and the COBRA coverage was exhausted, or was not under COBRA and either the coverage was terminated as a result of loss of eligibility for the coverage (including as a result of legal separation, divorce, death, termination of employment or reduction in the number of hours of employment) or employer contributions towards the coverage were terminated.
 - (d) The Employee or Dependent requests enrollment in this Plan not later than 31 days after the date of exhaustion of COBRA coverage or the termination of coverage or employer contributions, described above. Coverage will begin no later than the first day of the first calendar month following the date the completed enrollment form is received.
 - (e) Denial of benefit's due to exhaustion of a prior plan's lifetime max.

If the Employee or Dependent lost the other coverage as a result of the individual's failure to pay premiums or required contributions or for cause (such as making a fraudulent claim), that individual does not have a Special Enrollment right.

- (2) **Dependent beneficiaries.** If:

 - (a) The Employee is a participant under this Plan (or has met the Waiting Period applicable to becoming a participant under this Plan and is eligible to be enrolled under this Plan but for a failure to enroll during a previous enrollment period), and
 - (b) A person becomes a Dependent of the Employee through marriage, birth, adoption or placement for adoption, then the Dependent (and if not otherwise enrolled, the Employee) may be enrolled under this Plan as a covered Dependent of the covered Employee. In the case of the birth or adoption of a child, the Spouse of the covered Employee may be enrolled as a Dependent of the covered Employee if the Spouse is otherwise eligible for coverage.

The Dependent Special Enrollment Period is a period of 31 days and begins on the date of the marriage, birth, adoption or placement for adoption.

The coverage of the Dependent enrolled in the Special Enrollment Period will be effective:

- (a) in the case of marriage, the first day of the first month beginning after the date of the completed request for enrollment is received;
- (b) in the case of a Dependent's birth, as of the date of birth; or
- (c) in the case of a Dependent's adoption or placement for adoption, the date of the adoption or placement for adoption.

OPEN ENROLLMENT

Every November, the annual open enrollment period, covered Employees and their covered Dependents will be able to change some of their benefit decisions based on which benefits and coverages are right for them.

Benefit choices made during the open enrollment period will become effective December 1 and remain in effect until the next December 1 unless there is a change in family status during the year (birth, death, marriage, divorce, adoption) or loss of coverage due to loss of a Spouse's employment. To the extent previously satisfied coverage Waiting Periods and Pre-Existing Conditions Limits will be considered satisfied when changing from one plan to another plan.

Benefit choices for Late Enrollees made during the open enrollment period will become effective December 1.

Plan Participants will receive detailed information regarding open enrollment from their Employer.

EFFECTIVE DATE

Effective Date of Employee Coverage. An Employee will be covered under this Plan as of the first day of the calendar month following the date that the Employee satisfies all of the following:

- (1) The Eligibility Requirement.
- (2) The Active Employee Requirement.
- (3) The Enrollment Requirements of the Plan.

Active Employee Requirement.

An Employee must be an Active Employee (as defined by this Plan) for this coverage to take effect.

Effective Date of Dependent Coverage. A Dependent's coverage will take effect on the day that the Eligibility Requirements are met; the Employee is covered under the Plan; and all Enrollment Requirements are met.

TERMINATION OF COVERAGE

When coverage under this Plan stops, Plan Participants will receive a certificate that will show the period of coverage under this Plan. Please contact the Plan Administrator for further details.

When Employee Coverage Terminates. Employee coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Employee may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled COBRA Continuation Options):

- (1) The date the Plan is terminated.
- (2) The day the covered Employee ceases to be in one of the Eligible Classes. This includes death or termination of Active Employment of the covered Employee. (See the COBRA Continuation Options.)
- (3) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.

Continuation During Periods of Employer-Certified Disability, Leave of Absence or Layoff. A person may remain eligible for a limited time if Active, full-time work ceases due to disability, leave of absence or layoff. This continuance will end as follow:

For disability leave only: the end of the 6 months calendar month period that next follows the month in which the person last worked as an Active Employee.

For leave of absence or layoff only: the end of the 6 months calendar month period that next follows the month in which the person last worked as an Active Employee.

While continued, coverage will be that which was in force on the last day worked as an Active Employee. However, if benefits reduce for others in the class, they will also reduce for the continued person.

Continuation During Family and Medical Leave. This Plan shall at all times comply with the Family and Medical Leave Act of 1993 as promulgated in regulations issued by the Department of Labor.

During any leave taken under the Family and Medical Leave Act, the Employer will maintain coverage under this Plan on the same conditions as coverage would have been provided if the covered Employee had been continuously employed during the entire leave period.

If Plan coverage terminates during the FMLA leave, coverage will be reinstated for the Employee and his or her covered Dependents if the Employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the person(s) had coverage under this Plan when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated. For example, Pre-Existing Conditions limitations and other Waiting Periods will not be imposed unless they were in effect for the Employee and/or his or her Dependents when Plan coverage terminated.

Rehiring a Terminated Employee. A terminated Employee who is rehired will be treated as a new hire and be required to satisfy all Eligibility and Enrollment requirements. However, if the Employee is returning to work directly from COBRA coverage, this Employee does not have to satisfy any employment waiting period or Pre-Existing Conditions provision.

Employees on Military Leave. Employees going into or returning from military service may elect to continue Plan coverage as mandated by the Uniformed Services Employment and Reemployment Rights Act under the following circumstances. These rights apply only to Employees and their Dependents covered under the Plan before leaving for military service.

- (1) The maximum period of coverage of a person under such an election shall be the lesser of:
 - (a) The 24 month period beginning on the date on which the person's absence begins; or
 - (b) The day after the date on which the person was required to apply for or return to a position or employment and fails to do so.
- (2) A person who elects to continue health plan coverage may be required to pay up to 102% of the full contribution under the Plan, except a person on active duty for 30 days or less cannot be required to pay more than the Employee's share, if any, for the coverage.
- (3) An exclusion or Waiting Period may not be imposed in connection with the reinstatement of coverage upon reemployment if one would not have been imposed had coverage not been terminated because of service. However, an exclusion or Waiting Period may be imposed for coverage of any Illness or Injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of uniformed service.

When Dependent Coverage Terminates. A Dependent's coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Dependent may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled COBRA Continuation Options):

- (1) The date the Plan or Dependent coverage under the Plan is terminated.
- (2) The date that the Employee's coverage under the Plan terminates for any reason including death. (See the COBRA Continuation Options.)
- (3) The date a covered Spouse loses coverage due to loss of dependency status. (See the COBRA Continuation Options.)
- (4) On the first date that a Dependent child ceases to be a Dependent as defined by the Plan. (See the COBRA Continuation Options.)
- (5) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.

The Plan is a plan which contains a Preferred Provider Organization (PPO).

Your PPO is Southcare, to locate a provider call (800) 470-2004 or visit www.southcareppo.com

This Plan has entered into an agreement with certain Hospitals, Physicians and other health care providers, which are called Network Providers. Because these Network Providers have agreed to charge reduced fees to persons covered under the Plan, the Plan can afford to reimburse a higher percentage of their fees.

Therefore, when a Covered Person uses a Network Provider, that Covered Person will receive a higher payment from the Plan than when a Non-network Provider is used. It is the Covered Person's choice as to which Provider to use.

Under the following circumstances, the higher in-Network payment will be made for certain non-Network services:

- If a Covered Person has no choice of Network Providers in the specialty that the Covered Person is seeking within the PPO service area.
- If a Covered Person is out of the PPO service area and has a Medical Emergency requiring immediate care.
- If a Covered Person receives services by a non-Network Provider at an in-Network facility.

MEDICAL BENEFITS

Medical Benefits apply when Covered Charges are incurred by a Covered Person for care of an Injury or Sickness and while the person is covered for these benefits under the Plan.

DEDUCTIBLE

Deductible Amount. This is an amount of Covered Charges for which no benefits will be paid. Before benefits can be paid in a Calendar Year a Covered Person must meet the deductible shown in the Schedule of Benefits.

This amount will not accrue toward the 100% maximum out-of-pocket payment.

Family Unit Limit. When the maximum amount shown in the Schedule of Benefits has been incurred by members of a Family Unit toward their Calendar Year deductibles, the deductibles of all members of that Family Unit will be considered satisfied for that year.

BENEFIT PAYMENT

Each Calendar Year, benefits will be paid for the Covered Charges of a Covered Person that are in excess of the deductible. Payment will be made at the rate shown under reimbursement rate in the Schedule of Benefits. No benefits will be paid in excess of the Maximum Benefit Amount or any listed limit of the Plan.

OUT-OF-POCKET LIMIT

Covered Charges are payable at the percentages shown each Calendar Year until the out-of-pocket limit shown in the Schedule of Benefits is reached. Then, Covered Charges incurred by a Covered Person will be payable at 100% (except for the charges excluded) for the rest of the Calendar Year.

When a Family Unit reaches the out-of-pocket limit, Covered Charges for that Family Unit will be payable at 100% (except for the charges excluded) for the rest of the Calendar Year.

PRE-EXISTING CONDITIONS

NOTE: The length of the Pre-Existing Conditions Limitation may be reduced or eliminated if an eligible person has Creditable Coverage from another health plan.

An eligible person may request a certificate of Creditable Coverage from his or her prior plan within 24 months after losing coverage and the Employer will assist any eligible person in obtaining a certificate of Creditable Coverage from a prior plan.

A Covered Person will be provided a certificate of Creditable Coverage if he or she requests one either before losing coverage or within 24 months of coverage ceasing.

If, after Creditable Coverage has been taken into account, there will still be a Pre-Existing Conditions Limitation imposed on an individual, that individual will be so notified.

Covered charges incurred under Medical Benefits for Pre-Existing Conditions are not payable unless incurred 12 consecutive months, or 18 months if a Late Enrollee after the person's Enrollment Date. This time may be offset if the person has Creditable Coverage from his or her previous plan.

A **Pre-Existing Condition** is a condition for which medical advice, diagnosis, care or treatment was recommended or received within six months prior to the person's Enrollment Date under this Plan. Genetic Information is not a condition. Treatment includes receiving services and supplies, consultations, diagnostic tests or prescribed medicines. In order to be taken into account, the medical advice, diagnosis, care or treatment must have been recommended by, or received from, a Physician.

The Pre-Existing Condition does not apply to pregnancy, to a newborn child who is covered under this Plan within 31 days of birth, or to a child who is adopted or placed for adoption before attaining age 18 and who, as of the last day of the 31-day period beginning on the date of the adoption or placement for adoption, is covered under this Plan. Pre-Existing Condition exclusion may apply to coverage before the date of the adoption or placement for adoption.

The prohibition on Pre-Existing Condition exclusion for newborn, adopted, or pre-adopted children does not apply to an individual after the end of the first 63-day period during all of which the individual was not covered under any Creditable Coverage.

MAXIMUM BENEFIT AMOUNT

The Maximum Benefit Amount is shown in the Schedule of Benefits. It is the total amount of benefits that will be paid under the Plan for all Covered Charges incurred by a Covered Person.

COVERED CHARGES

Covered charges are the Usual and Reasonable Charges that are incurred for the following items of service and supply. These charges are subject to the benefit limits, exclusions and other provisions of this Plan. A charge is incurred on the date that the service or supply is performed or furnished.

- (1) **Hospital Care.** The medical services and supplies furnished by a Hospital or Ambulatory Surgical Center or a Birthing Center. Covered charges for room and board will be payable as shown in the Schedule of Benefits. After 23 observation hours, a confinement will be considered an inpatient confinement.

Room charges made by a Hospital will be paid at the average semi-private room rate unless made by a Hospital having only private rooms. Hospitals having only private rooms will be paid at the average private room rate.

- (2) **Coverage of Pregnancy.** The Usual and Reasonable Charges for the care and treatment of Pregnancy are covered the same as any other Sickness for a covered Employee or covered Spouse.

Group health plans generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

UTILIZATION REVIEW

Utilization review is a program designed to help insure that all Covered Persons receive necessary and appropriate health care while avoiding unnecessary expenses.

The program consists of:

- (a) Pre-certification of the Medical Necessity for the following non-emergency services before Medical and/or Surgical services are provided;

In Patient Hospitalizations
- (b) Retrospective review of the Medical Necessity of the listed services provided on an emergency basis;
- (c) Concurrent review, based on the admitting diagnosis, of the listed services requested by the attending Physician; and
- (d) Certification of services and planning for discharge from a Medical Care Facility or cessation of medical treatment.
- (e) **Prior Authorization of the Medical Necessity for the following services:**
 - IV Infusion Therapy
 - Injections over \$1,000
 - Skilled Nursing
 - Hospice
 - Home Health Care
 - Private Duty Nursing
 - Chemotherapy treatment
 - Radiation treatment

The purpose of the program is to determine what charges may be eligible for payment by the Plan. This program is not designed to be the practice of medicine or to be a substitute for the medical judgment of the attending Physician or other health care provider.

If a particular course of treatment or medical service is not certified or authorized, it means that either the Plan will not pay for the charges or the Plan will not consider that course of treatment as appropriate for the maximum reimbursement under the Plan. The patient is urged to find out why there is a discrepancy between what was requested and what was certified before incurring charges.

The attending Physician does not have to obtain pre-certification from the Plan for prescribing a maternity length of stay that is 48 hours or less for a vaginal delivery or 96 hours or less for a cesarean delivery.

In order to maximize Plan reimbursements, please read the following provisions carefully.

Here's how the program works.

Pre-certification. Before a Covered Person enters a Medical Care Facility on a non-emergency basis or receives other listed medical services, the utilization review administrator will, in conjunction with the attending Physician, certify the care as appropriate for Plan reimbursement. A non-emergency stay in a Medical Care Facility is one that can be scheduled in advance.

The utilization review program is set in motion by a telephone call from the Covered Person. Contact the utilization review administrator at the telephone number on your ID card 72 hours before services are scheduled to be rendered with the following information:

- The name of the patient and relationship to the covered Employee
- The name, Social Security number and address of the covered Employee
- The name of the Employer
- The name and telephone number of the attending Physician
- The name of the Medical Care Facility, proposed date of admission, and proposed length of stay
- The diagnosis and/or type of surgery
- The proposed rendering of listed medical services

If there is an **emergency** admission to the Medical Care Facility, the patient, patient's family member, Medical Care Facility or attending Physician must contact the utilization review administrator **within the next business day** after the admission.

The utilization review administrator will determine the number of days of Medical Care Facility confinement or use of other listed medical services authorized for payment. **Failure to follow this procedure will result in a 50% reduction of benefits.**

Concurrent review, discharge planning. Concurrent review of a course of treatment and discharge planning from a Medical Care Facility are parts of the utilization review program. The utilization review administrator will monitor the Covered Person's Medical Care Facility stay or use of other medical services and coordinate with the attending Physician, Medical Care Facilities and Covered Person either the scheduled release or an extension of the Medical Care Facility stay or extension or cessation of the use of other medical services.

If the attending Physician feels that it is Medically Necessary for a Covered Person to receive additional services or to stay in the Medical Care Facility for a greater length of time than has been pre-certified, the attending Physician must request the additional services or days.

SECOND AND/OR THIRD OPINION PROGRAM

Certain surgical procedures are performed either inappropriately or unnecessarily. In some cases, surgery is only one of several treatment options. In other cases, surgery will not help the condition.

In order to prevent unnecessary or potentially harmful surgical treatments, the second and/or third opinion program fulfills the dual purpose of protecting the health of the Plan's Covered Persons and protecting the financial integrity of the Plan.

Benefits will be provided for a second (and third, if necessary) opinion consultation to determine the Medical Necessity of an elective surgical procedure. An elective surgical procedure is one that can be scheduled in advance; that is, it is not an emergency or of a life-threatening nature.

The patient may choose any board-certified specialist who is not an associate of the attending Physician and who is affiliated in the appropriate specialty.

While any surgical treatment is allowed a second opinion, the following procedures are ones for which surgery is often performed when other treatments are available.

Appendectomy	Hernia surgery	Spinal surgery
Cataract surgery	Hysterectomy	Surgery to knee, shoulder, elbow or toe
Cholecystectomy (gall bladder removal)	Mastectomy surgery	Tonsillectomy and adenoidectomy
Deviated septum (nose surgery)	Prostate surgery	Tympanotomy (inner ear)
Hemorrhoidectomy	Salpingo-oophorectomy (removal of tubes/ovaries)	Varicose vein ligation

CASE MANAGEMENT

Case Management is a program whereby a case manager monitors patients and explores, discusses and recommends coordinated and/or alternate types of appropriate Medically Necessary care. The case manager consults with the patient, the family and the attending Physician in order to develop a plan of care for approval by the patient's attending Physician and the patient. This plan of care may include some or all of the following:

- personal support to the patient;
- contacting the family to offer assistance and support;
- monitoring Hospital or Skilled Nursing Facility;
- determining alternative care options; and
- assisting in obtaining any necessary equipment and services.

Case Management occurs when this alternate benefit will be beneficial to both the patient and the Plan.

The case manager will coordinate and implement the Case Management program by providing guidance and information on available resources and suggesting the most appropriate treatment plan. The Plan Administrator, attending Physician, patient and patient's family must all agree to the alternate treatment plan.

Once agreement has been reached, the Plan Administrator will direct the Plan to reimburse for Medically Necessary expenses as stated in the treatment plan, even if these expenses normally would not be paid by the Plan.

Note: Case Management is a voluntary service. There are no reductions of benefits or penalties if the patient and family choose not to participate.

Each treatment plan is individually tailored to a specific patient and should not be seen as appropriate or recommended for any other patient, even one with the same diagnosis.

The Plan Administrator has the discretionary authority to decide whether a charge is Usual and Reasonable.

WHEN CLAIMS SHOULD BE FILED

Claims should be filed with the Plan supervisor within 6 months of the date charges for the services were incurred. Benefits are based on the Plan's provisions at the time the charges were incurred. Claims filed later than that date may be declined or reduced unless:

- (a) it's not reasonably possible to submit the claim in that time; and
- (b) the claim is submitted within 365 days from the date incurred. This one year period will not apply when the person is not legally capable of submitting the claim.

The Plan supervisor will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested from the claimant. The Plan reserves the right to have a Plan Participant seek a second medical opinion.

CLAIMS PROCEDURE

Following is a description of how the Plan processes Claims for benefits. A Claim is defined as any request for a Plan benefit, made by a claimant or by a representative of a claimant that complies with the Plan's reasonable procedure for making benefit Claims. The times listed are maximum times only. A period of time begins at the time the Claim is filed. Decisions will be made within a reasonable period of time appropriate to the circumstances. "Days" means calendar days.

There are different kinds of Claims and each one has a specific timetable for approval, payment, request for further information, or denial of the Claim. If you have any questions regarding this procedure, please contact the Plan Administrator.

The definitions of the types of Claims are:

Urgent Care Claim

A Claim involving Urgent Care is any Claim for medical care or treatment where using the timetable for a non-urgent care determination could seriously jeopardize the life or health of the claimant; or the ability of the claimant to regain maximum function; or in the opinion of the attending or consulting Physician, would subject the claimant to severe pain that could not be adequately managed without the care or treatment that is the subject of the Claim.

A Physician with knowledge of the claimant's medical condition may determine if a Claim is one involving Urgent Care. If there is no such Physician, an individual acting on behalf of the Plan applying the judgment of a prudent layperson that possesses an average knowledge of health and medicine may make the determination.

In the case of a Claim involving Urgent Care, the following timetable applies:

Notification to claimant of benefit determination	72 hours
---	----------

Insufficient information on the Claim, or failure to follow the Plan's procedure for filing a Claim:

Notification to claimant, orally or in writing	24 hours
--	----------

Response by claimant, orally or in writing	48 hours
--	----------

Benefit determination, orally or in writing	48 hours
---	----------

Ongoing courses of treatment, notification of:

Reduction or termination before the end of treatment	72 hours
--	----------

Determination as to extending course of treatment	24 hours
---	----------

If there is an adverse benefit determination on a Claim involving Urgent Care, a request for an expedited appeal may be submitted orally or in writing by the claimant. All necessary information, including the Plan's benefit determination on review, may be transmitted between the Plan and the claimant by telephone, facsimile, or other similarly expeditious method.

Pre-Service Claim

A Pre-Service Claim means any Claim for a benefit under this Plan where the Plan conditions receipt of the benefit, in whole or in part, on approval in advance of obtaining medical care. These are, for example, Claims subject to pre-certification. Please see the Cost Management section of this booklet for further information about Pre-Service Claims.

In the case of a Pre-Service Claim, the following timetable applies:

Notification to claimant of benefit determination	15 days
---	---------

Extension due to matters beyond the control of the Plan	15 days
Insufficient information on the Claim:	
Notification of	15 days
Response by claimant	45 days
Notification, orally or in writing, of failure to follow the Plan's procedures for filing a Claim	5 days
Ongoing courses of treatment:	
Reduction or termination before the end of the treatment	15 days
Request to extend course of treatment	15 days
Review of adverse benefit determination	30 days
Reduction or termination before the end of the treatment	15 days
Request to extend course of treatment	15 days

Post-Service Claim

A Post-Service Claim means any Claim for a Plan benefit that is not a Claim involving Urgent Care or a Pre-Service Claim; in other words, a Claim that is a request for payment under the Plan for covered medical services already received by the claimant.

In the case of a Post-Service Claim, the following timetable applies:

Notification to claimant of benefit determination	30 days
Extension due to matters beyond the control of the Plan	15 days
Extension due to insufficient information on the Claim	15 days
Response by claimant following notice of insufficient information	45 days
Review of adverse benefit determination	60 days

Notice to claimant of adverse benefit determinations

Except with Urgent Care Claims, when the notification may be oral followed by written or electronic notification within three days of the oral notification, the Plan Administrator shall provide written or electronic notification of any adverse benefit determination. The notice will state, in a manner calculated to be understood by the claimant:

- (1) The specific reason or reasons for the adverse determination.
- (2) Reference to the specific Plan provisions on which the determination was based.
- (3) A description of any additional material or information necessary for the claimant to perfect the Claim and an explanation of why such material or information is necessary.

- (4) A description of the Plan's review procedures and the time limits applicable to such procedures. This will include a statement of the claimant's right to bring a civil action under section 502 of ERISA following an adverse benefit determination on review.
- (5) A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claim.
- (6) If the adverse benefit determination was based on an internal rule, guideline, protocol, or other similar criterion, the specific rule, guideline, protocol, or criterion will be provided free of charge. If this is not practical, a statement will be included that such a rule, guideline, protocol, or criterion was relied upon in making the adverse benefit determination and a copy will be provided free of charge to the claimant upon request.
- (7) If the adverse benefit determination is based on the Medical Necessity or Experimental or Investigational treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, will be provided. If this is not practical, a statement will be included that such explanation will be provided free of charge, upon request.

Appeals

When a claimant receives an adverse benefit determination, the claimant has 180 days following receipt of the notification in which to appeal the decision. A claimant may submit written comments, documents, records, and other information relating to the Claim. If the claimant so requests, he or she will be provided, free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claim.

The period of time within which a benefit determination on review is required to be made shall begin at the time an appeal is filed in accordance with the procedures of the Plan. This timing is without regard to whether all the necessary information accompanies the filing.

A document, record, or other information shall be considered relevant to a Claim if it:

- (1) was relied upon in making the benefit determination;
- (2) was submitted, considered, or generated in the course of making the benefit determination, without regard to whether it was relied upon in making the benefit determination;
- (3) demonstrated compliance with the administrative processes and safeguards designed to ensure and to verify that benefit determinations are made in accordance with Plan documents and Plan provisions have been applied consistently with respect to all claimants; or
- (4) constituted a statement of policy or guidance with respect to the Plan concerning the denied treatment option or benefit.

The review shall take into account all comments, documents, records, and other information submitted by the claimant relating to the Claim, without regard to whether such information was submitted or considered in the initial benefit determination. The review will not afford deference to the initial adverse benefit determination and will be conducted by a fiduciary of the Plan who is neither the individual who made the adverse determination nor a subordinate of that individual.

If the determination was based on a medical judgment, including determinations with regard to whether a particular treatment, drug, or other item is Experimental, Investigational, or not Medically Necessary or appropriate, the fiduciary shall consult with a health care professional who was not involved in the original benefit determination. This health care professional will have appropriate training and experience in the field of medicine involved in the medical judgment. Additionally, medical or vocational experts whose advice was obtained on behalf of the Plan in connection with the initial determination will be identified.

COORDINATION OF BENEFITS

Coordination of the benefit plans. Coordination of benefits sets out rules for the order of payment of Covered Charges when two or more plans -- including Medicare -- are paying. When a Covered Person is covered by this Plan and another plan, or the Covered Person's Spouse is covered by this Plan and by another plan or the couple's Covered children are covered under two or more plans, the plans will coordinate benefits when a claim is received.

The plan that pays first according to the rules will pay as if there were no other plan involved. The secondary and subsequent plans will pay the balance due up to 100% of the total allowable expenses.

Benefit plan. This provision will coordinate the medical and dental benefits of a benefit plan. The term benefit plan means this Plan or any one of the following plans:

- (1) Group or group-type plans, including franchise or blanket benefit plans.
- (2) Blue Cross and Blue Shield group plans.
- (3) Group practice and other group prepayment plans.
- (4) Federal government plans or programs. This includes Medicare.
- (5) Other plans required or provided by law. This does not include Medicaid or any benefit plan like it that, by its terms, does not allow coordination.
- (6) No Fault Auto Insurance, by whatever name it is called, when not prohibited by law.

Allowable charge. For a charge to be allowable it must be a Usual and Reasonable Charge and at least part of it must be covered under this Plan.

In the case of HMO (Health Maintenance Organization) or other in-network only plans: This Plan will not consider any charges in excess of what an HMO or network provider has agreed to accept as payment in full. Also, when an HMO or network plan is primary and the Covered Person does not use an HMO or network provider, this Plan will not consider as an allowable charge any charge that would have been covered by the HMO or network plan had the Covered Person used the services of an HMO or network provider.

In the case of service type plans where services are provided as benefits, the reasonable cash value of each service will be the allowable charge.

Automobile limitations. When medical payments are available under vehicle insurance, the Plan shall pay excess benefits only, without reimbursement for vehicle plan deductibles. This Plan shall always be considered the secondary carrier regardless of the individual's election under PIP (personal injury protection) coverage with the auto carrier.

Benefit plan payment order. When two or more plans provide benefits for the same allowable charge, benefit payment will follow these rules.

- (1) Plans that do not have a coordination provision, or one like it, will pay first. Plans with such a provision will be considered after those without one.
- (2) Plans with a coordination provision will pay their benefits up to the Allowable Charge:
 - (a) The benefits of the plan which covers the person directly (that is, as an employee, member or subscriber) ("Plan A") are determined before those of the plan which covers the person as a dependent ("Plan B").

- (b) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired are determined before those of a benefit plan which covers that person as a laid-off or Retired Employee. The benefits of a benefit plan which covers a person as a Dependent of an Employee who is neither laid off nor retired are determined before those of a benefit plan which covers a person as a Dependent of a laid off or Retired Employee. If the other benefit plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule does not apply.
 - (c) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired or a Dependent of an Employee who is neither laid off nor retired are determined before those of a plan which covers the person as a COBRA beneficiary.
 - (d) When a child is covered as a Dependent and the parents are not separated or divorced, these rules will apply:
 - (i) The benefits of the benefit plan of the parent whose birthday falls earlier in a year are determined before those of the benefit plan of the parent whose birthday falls later in that year;
 - (ii) If both parents have the same birthday, the benefits of the benefit plan which has covered the patient for the longer time are determined before those of the benefit plan which covers the other parent.
 - (e) When a child's parents are divorced or legally separated, these rules will apply:
 - (i) This rule applies when the parent with custody of the child has not remarried. The benefit plan of the parent with custody will be considered before the benefit plan of the parent without custody.
 - (ii) This rule applies when the parent with custody of the child has remarried. The benefit plan of the parent with custody will be considered first. The benefit plan of the stepparent that covers the child as a Dependent will be considered next. The benefit plan of the parent without custody will be considered last.
 - (iii) This rule will be in place of items (i) and (ii) above when it applies. A court decree may state which parent is financially responsible for medical and dental benefits of the child. In this case, the benefit plan of that parent will be considered before other plans that cover the child as a Dependent.
 - (iv) If the specific terms of the court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined above when a child is covered as a Dependent and the parents are not separated or divorced.
 - (v) For parents who were never married to each other, the rules apply as set out above as long as paternity has been established.
 - (f) If there is still a conflict after these rules have been applied, the benefit plan which has covered the patient for the longer time will be considered first. When there is a conflict in coordination of benefit rules, the Plan will never pay more than 50% of allowable charges when paying secondary.
- (3) Medicare will pay primary, secondary or last to the extent stated in federal law. When Medicare is to be the primary payer, this Plan will base its payment upon benefits that would have been paid by Medicare under Parts A and B, regardless of whether or not the person was enrolled under both of these parts.

- (4) If a Plan Participant is under a disability extension from a previous benefit plan, that benefit plan will pay first and this Plan will pay second.

Claims determination period. Benefits will be coordinated on a Calendar Year basis. This is called the claims determination period.

Right to receive or release necessary information. To make this provision work, this Plan may give or obtain needed information from another insurer or any other organization or person. This information may be given or obtained without the consent of or notice to any other person. A Covered Person will give this Plan the information it asks for about other plans and their payment of allowable charges.

Facility of payment. This Plan may repay other plans for benefits paid that the Plan Administrator determines it should have paid. That repayment will count as a valid payment under this Plan.

Right of recovery. This Plan may pay benefits that should be paid by another benefit plan. In this case this Plan may recover the amount paid from the other benefit plan or the Covered Person. That repayment will count as a valid payment under the other benefit plan.

Further, this Plan may pay benefits that are later found to be greater than the allowable charge. In this case, this Plan may recover the amount of the overpayment from the source to which it was paid.

THIRD PARTY RECOVERY PROVISION

RIGHT OF SUBROGATION AND REFUND

When this provision applies. The Covered Person may incur medical or dental charges due to Injuries which may be caused by the act or omission of a Third Party or a Third Party may be responsible for payment. In such circumstances, the Covered Person may have a claim against that Third Party, or insurer, for payment of the medical or dental charges. Accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan any rights the Covered Person may have to Recover payments from any Third Party or insurer. This Subrogation right allows the Plan to pursue any claim which the Covered Person has against any Third Party, or insurer, whether or not the Covered Person chooses to pursue that claim. The Plan may make a claim directly against the Third Party or insurer, but in any event, the Plan has a lien on any amount Recovered by the Covered Person whether or not designated as payment for medical expenses. This lien shall remain in effect until the Plan is repaid in full.

The Covered Person:

- (1) automatically assigns to the Plan his or her rights against any Third Party or insurer when this provision applies; and
- (2) must repay to the Plan the benefits paid on his or her behalf out of the Recovery made from the Third Party or insurer.

Amount subject to Subrogation or Refund. The Covered Person agrees to recognize the Plan's right to Subrogation and reimbursement. These rights provide the Plan with a 100%, first dollar priority over any and all Recoveries and funds paid by a Third Party to a Covered Person relative to the Injury or Sickness, including a priority over any claim for non-medical or dental charges, attorney fees, or other costs and expenses. The Plan's priority as to funds recovered includes a right to any full or partial recovery which the Covered Person may receive from any Third Party relative to the injury or sickness. Accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan any and all rights the Covered Person may have to recover payments from any Responsible Third Party. Further, accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan the Covered Person's Third Party Claims.

Notwithstanding its priority to funds, the Plan's Subrogation and Refund rights, as well as the rights assigned to it, are limited to the extent to which the Plan has made, or will make, payments for medical or dental charges as well as any costs and fees associated with the enforcement of its rights under the Plan. The Plan reserves the right to be reimbursed for its court costs and attorneys' fees if the Plan needs to file suit in order to Recover payment for medical or dental expenses from the Covered Person. Also, the Plan's right to Subrogation still applies if the Recovery received by the Covered Person is less than the claimed damage, and, as a result, the claimant is not made whole. The Covered Person is required to notify the Plan at such time as Covered Person or Covered Persons legal representative shall come into possession of settlement funds or funds as a result of any judgment obtained in order to allow the Plan the opportunity to assert its lien as to any such funds recovered as a result of any Third Party claims, settlements or judgments.

Should the Plan fail to recover, for whatever reason, amounts received by the Covered Person as a result of a settlement or judgment obtained from any wrongful act of any Third Party the Plan may offset any future benefits payable under the terms of the Plan against the subrogation amount that the Plan was entitled to receive under this, the Third Party Recovery Provision of the Plan.

When a right of Recovery exists, the Covered Person will execute and deliver all required instruments and papers as well as doing whatever else is needed to secure the Plan's right of Subrogation as a condition to having the Plan make payments. The Plan may require the Covered Person to execute a Subrogation Agreement provided by the Plan prior to payment of benefits otherwise payable under the Plan. The authority to require execution of a Subrogation Agreement is discretionary with the Plan and the Plan is authorized, in exercise of such discretion, to may payment of benefits as it deems appropriate without requiring execution of a Subrogation Agreement. Should the Covered Person or legal representative refuse to execute such Subrogation Agreement the Plan is authorized to withhold payment of benefits otherwise payable until the Covered Person or legal representative has executed such Subrogation Agreement. In addition, the Covered Person will do nothing to prejudice the right of the Plan to Subrogate.

Conditions Precedent to Coverage. The Plan shall have no obligation whatsoever to pay medical or dental benefits to a Covered Person if a Covered Person refuses to cooperate with the Plan's reimbursement and Subrogation rights or refuses to execute and deliver such papers as the Plan may require in furtherance of its reimbursement and Subrogation rights. Further, in the event the Covered Person is a minor, the Plan shall have no obligation to pay any medical or dental benefits incurred on account of Injury or Sickness caused by a responsible Third Party until after the Covered Person or his authorized legal representative obtains valid court recognition and approval of the Plan's 100%, first dollar reimbursement and Subrogation rights on all Recoveries, as well as approval for the execution of any papers necessary for the enforcement thereof, as described herein.

Defined terms: "Covered Person" means anyone covered under the Plan, including minor dependents.

"Recover," "Recovered," "Recovery" or "Recoveries" means all monies paid to the Covered Person by way of judgment, settlement, or otherwise to compensate for all losses caused by the Injury or Sickness, whether or not said losses reflect medical or dental charges covered by the Plan. "Recoveries" further includes, but is not limited to, recoveries for medical or dental expenses, attorneys' fees, costs and expenses, pain and suffering, loss of consortium, wrongful death, lost wages and any other recovery of any form of damages or compensation whatsoever.

"Refund" means repayment to the Plan for medical or dental benefits that it has paid toward care and treatment of the Injury or Sickness.

"Subrogation" means the Plan's right to pursue and place a lien upon the Covered Person's claims for medical or dental charges against the other person.

"Third Party" means any Third Party including another person or a business entity.

Recovery from another plan under which the Covered Person is covered. This right of Refund also applies when a Covered Person recovers under an uninsured or underinsured motorist plan (which will be treated as Third Party coverage when reimbursement or Subrogation is in order), homeowner's plan, renter's plan, medical malpractice plan or any liability plan.

Rights of Plan Administrator. The Plan Administrator has a right to request reports on and approve of all settlements.

COBRA CONTINUATION OPTIONS

A federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), requires that most employers sponsoring a group health plan ("Plan") offer Employees and their families covered under their health plan the opportunity for a temporary extension of health coverage (called "COBRA continuation coverage") in certain instances where coverage under the Plan would otherwise end. This notice is intended to inform Plan Participants and beneficiaries, in summary fashion, of the rights and obligations under the continuation coverage provisions of COBRA, as amended and reflected in final and proposed regulations published by the Department of the Treasury. This notice is intended to reflect the law and does not grant or take away any rights under the law. Complete instructions on COBRA, as well as election forms and other information, will be provided by the Plan Administrator to Plan Participants who become Qualified Beneficiaries under COBRA.

Note: Special COBRA rights apply to employees who have been terminated or experienced a reduction of hours and who qualify for a trade readjustment allowance or alternative trade adjustment assistance under a federal law called the Trade Act of 1974. These employees must have made petitions for certification to apply for TAA on or after November 4, 2002.

The employees, if they do not already have COBRA coverage, are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members, but only within a limited period of 60 days or less and only during the six months immediately after their group health plan coverage ended.

Any employee who qualifies or may qualify for assistance under this special provision should contact his or her Plan Administrator for further information.

What is COBRA continuation coverage? COBRA continuation coverage is group health plan coverage that an employer must offer to certain Plan Participants and their eligible family members (called "Qualified Beneficiaries") at group rates for up to a statutory-mandated maximum period of time or until they become ineligible for COBRA continuation coverage, whichever occurs first. The right to COBRA continuation coverage is triggered by the occurrence of one of certain enumerated events that result in the loss of coverage under the terms of the employer's Plan (the "Qualifying Event"). The coverage must be identical to the Plan coverage that the Qualified Beneficiary had immediately before the Qualifying Event, or if the coverage has been changed, the coverage must be identical to the coverage provided to similarly situated active employees who have not experienced a Qualifying Event (in other words, similarly situated nonCOBRA beneficiaries).

Who is a Qualified Beneficiary? In general, a Qualified Beneficiary is:

- (i) Any individual who, on the day before a Qualifying Event, is covered under a Plan by virtue of being on that day either a covered Employee, the Spouse of a covered Employee, or a Dependent child of a covered Employee. If, however, an individual is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (ii) Any child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage. If, however, an individual is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (iii) A covered Employee who retired on or before the date of substantial elimination of Plan coverage which is the result of a bankruptcy proceeding under Title 11 of the U.S. Code with respect to the Employer, as is the Spouse, surviving Spouse or Dependent child of such a covered Employee if, on the day before the bankruptcy Qualifying Event, the Spouse, surviving Spouse or Dependent child was a beneficiary under the Plan.

The term "covered Employee" includes not only common-law employees (whether part-time or full-time) but also any individual who is provided coverage under the Plan due to his or her performance of services for the employer sponsoring the Plan (e.g., self-employed individuals, independent contractor, or corporate director).

An individual is not a Qualified Beneficiary if the individual's status as a covered Employee is attributable to a period in which the individual was a nonresident alien who received from the individual's Employer no earned income that constituted income from sources within the United States. If, on account of the preceding reason, an individual is not a qualified beneficiary, then a Spouse or Dependent child of the individual is not considered a Qualified Beneficiary by virtue of the relationship to the individual. A domestic partner is not a Qualified Beneficiary.

Each Qualified Beneficiary (including a child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage) must be offered the opportunity to make an independent election to receive COBRA continuation coverage.

What is a Qualifying Event? A Qualifying Event is any of the following if the Plan provided that the Plan participant would lose coverage (i.e., cease to be covered under the same terms and conditions as in effect immediately before the Qualifying Event) in the absence of COBRA continuation coverage:

- (i) The death of a covered Employee.
- (ii) The termination (other than by reason of the Employee's gross misconduct), or reduction of hours, of a covered Employee's employment.
- (iii) The divorce or legal separation of a covered Employee from the Employee's Spouse.
- (iv) A covered Employee's enrollment in the Medicare program.
- (v) A Dependent child's ceasing to satisfy the Plan's requirements for a Dependent child (e.g., attainment of the maximum age for dependency under the Plan).
- (vi) A proceeding in bankruptcy under Title 11 of the U.S. Code with respect to an Employer from whose employment a covered Employee retired at any time.

If the Qualifying Event causes the covered Employee, or the Spouse or a Dependent child of the covered Employee, to cease to be covered under the Plan under the same terms and conditions as in effect immediately before the Qualifying Event (or in the case of the bankruptcy of the Employer, any substantial elimination of coverage under the Plan occurring within 12 months before or after the date the bankruptcy proceeding commences), the persons losing such coverage become Qualified Beneficiaries under COBRA if all the other conditions of the COBRA law are also met. Any increase in contribution that must be paid by a covered Employee, or the Spouse, or a Dependent child of the covered Employee, for coverage under the Plan that results from the occurrence of one of the events listed above is a loss of coverage.

The taking of leave under the Family and Medical Leave Act of 1993 ("FMLA") does not constitute a Qualifying Event. A Qualifying Event occurs, however, if an Employee does not return to employment at the end of the FMLA leave and all other COBRA continuation coverage conditions are present. If a Qualifying Event occurs, it occurs on the last day of FMLA leave and the applicable maximum coverage period is measured from this date (unless coverage is lost at a later date and the Plan provides for the extension of the required periods, in which case the maximum coverage date is measured from the date when the coverage is lost.) Note that the covered Employee and family members will be entitled to COBRA continuation coverage even if they failed to pay the employee portion of premiums for coverage under the Plan during the FMLA leave.

What is the election period and how long must it last? An election period is the time period within which the Qualified Beneficiary can elect COBRA continuation coverage under the Employer's Plan. A Plan can condition availability of COBRA continuation coverage upon the timely election of such coverage. An election of COBRA continuation coverage is a timely election if it is made during the election period. The election period must begin not later than the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event and must not end before the date that is 60 days after the later of the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event or the date notice is provided to the Qualified Beneficiary of her or his right to elect COBRA continuation coverage.

Is a covered Employee or Qualified Beneficiary responsible for informing the Plan Administrator of the occurrence of a Qualifying Event? In general, the Employer or Plan Administrator must determine when a Qualifying Event has occurred. However, each covered Employee or Qualified Beneficiary is responsible for notifying the Plan Administrator of the occurrence of a Qualifying Event that is:

- (i) A Dependent child's ceasing to be a Dependent child under the generally applicable requirements of the Plan.
- (ii) The divorce or legal separation of the covered Employee.

The Plan is not required to offer the Qualified Beneficiary an opportunity to elect COBRA continuation coverage if the notice is not provided to the Plan Administrator within 60 days after the later of: the date of the Qualifying Event, or the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event.

Is a waiver before the end of the election period effective to end a Qualified Beneficiary's election rights? If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver is an election of COBRA continuation coverage. However, if a waiver is later revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered made on the date they are sent to the Employer or Plan Administrator, as applicable.

When may a Qualified Beneficiary's COBRA continuation coverage be terminated? During the election period, a Qualified Beneficiary may waive COBRA continuation coverage. Except for an interruption of coverage in connection with a waiver, COBRA continuation coverage that has been elected for a Qualified Beneficiary must extend for at least the period beginning on the date of the Qualifying Event and ending not before the earliest of the following dates:

- (i) The last day of the applicable maximum coverage period.
- (ii) The first day for which Timely Payment is not made to the Plan with respect to the Qualified Beneficiary.
- (iii) The date upon which the Employer ceases to provide any group health plan (including successor plans) to any Employee.
- (iv) The date, after the date of the election, that the Qualified Beneficiary first becomes covered under any other Plan that does not contain any exclusion or limitation with respect to any pre-existing condition, other than such an exclusion or limitation that does not apply to, or is satisfied by, the Qualified Beneficiary.
- (v) The date, after the date of the election, that the Qualified Beneficiary first enrolls in the Medicare program (either part A or part B, whichever occurs earlier).
- (vi) In the case of a Qualified Beneficiary entitled to a disability extension, the later of:
 - (a) (i) 29 months after the date of the Qualifying Event, or (ii) the first day of the month that is more than 30 days after the date of a final determination under Title II or XVI of the Social Security Act that the disabled Qualified Beneficiary whose disability resulted in the Qualified Beneficiary's entitlement to the disability extension is no longer disabled, whichever is earlier; or
 - (b) the end of the maximum coverage period that applies to the Qualified Beneficiary without regard to the disability extension.

The Plan can terminate for cause the coverage of a Qualified Beneficiary on the same basis that the Plan terminates for cause the coverage of similarly situated nonCOBRA beneficiaries, for example, for the submission of a fraudulent claim.

In the case of an individual who is not a Qualified Beneficiary and who is receiving coverage under the Plan solely because of the individual's relationship to a Qualified Beneficiary, if the Plan's obligation to make COBRA continuation coverage available to the Qualified Beneficiary ceases, the Plan is not obligated to make coverage available to the individual who is not a Qualified Beneficiary.

What are the maximum coverage periods for COBRA continuation coverage? The maximum coverage periods are based on the type of the Qualifying Event and the status of the Qualified Beneficiary, as shown below.

- (i) In the case of a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period ends 18 months after the Qualifying Event if there is not a disability extension and 29 months after the Qualifying Event if there is a disability extension.
- (ii) In the case of a covered Employee's enrollment in the Medicare program before experiencing a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period for Qualified Beneficiaries other than the covered Employee ends on the later of:
 - (a) 36 months after the date the covered Employee becomes enrolled in the Medicare program; or
 - (b) 18 months (or 29 months, if there is a disability extension) after the date of the covered Employee's termination of employment or reduction of hours of employment.
- (iii) In the case of a bankruptcy Qualifying Event, the maximum coverage period for a Qualified Beneficiary who is the retired covered Employee ends on the date of the retired covered Employee's death. The maximum coverage period for a Qualified Beneficiary who is the Spouse, surviving Spouse or Dependent child of the retired covered Employee ends on the earlier of the date of the Qualified Beneficiary's death or the date that is 36 months after the death of the retired covered Employee.
- (iv) In the case of a Qualified Beneficiary who is a child born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, the maximum coverage period is the maximum coverage period applicable to the Qualifying Event giving rise to the period of COBRA continuation coverage during which the child was born or placed for adoption.
- (v) In the case of any other Qualifying Event than that described above, the maximum coverage period ends 36 months after the Qualifying Event.
- (vi) In the case of employees on military leave, the 24 month period beginning on the date on which the person's absence begins.

Under what circumstances can the maximum coverage period be expanded? If a Qualifying Event that gives rise to an 18-month or 29-month maximum coverage period is followed, within that 18- or 29-month period, by a second Qualifying Event that gives rise to a 36-months maximum coverage period, the original period is expanded to 36 months, but only for individuals who are Qualified Beneficiaries at the time of both Qualifying Events. In no circumstance can the COBRA maximum coverage period be expanded to more than 36 months after the date of the first Qualifying Event.

How does a Qualified Beneficiary become entitled to a disability extension? A disability extension will be granted if an individual (whether or not the covered Employee) who is a Qualified Beneficiary in connection with the Qualifying Event that is a termination or reduction of hours of a covered Employee's employment, is determined under Title II or XVI of the Social Security Act to have been disabled at any time during the first 60 days of COBRA continuation coverage. To qualify for the disability extension, the Qualified Beneficiary must also provide the Plan Administrator with notice of the disability determination on a date that is both within 60 days after the date of the determination and before the end of the original 18-month maximum coverage.

Can a Plan require payment for COBRA continuation coverage? Yes. For any period of COBRA continuation coverage, a Plan can require the payment of an amount that does not exceed 102% of the applicable premium except the Plan may require the payment of an amount that does not exceed 150% of the applicable premium for any period of COBRA continuation coverage covering a disabled qualified beneficiary that would not be required to be made available in the absence of a disability extension. A group health plan can terminate a qualified beneficiary's COBRA continuation coverage as of the first day of any period for which timely payment is not made to the Plan with respect to that qualified beneficiary.

Must the Plan allow payment for COBRA continuation coverage to be made in monthly installments? Yes. The Plan is also permitted to allow for payment at other intervals.

What is Timely Payment for payment for COBRA continuation coverage? Timely Payment means payment that is made to the Plan by the date that is 30 days after the first day of that period. Payment that is made to the Plan by a later date is also considered Timely Payment if either under the terms of the Plan, covered Employees or Qualified Beneficiaries are allowed until that later date to pay for their coverage for the period or under the terms of an arrangement between the Employer and the entity that provides Plan benefits on the Employer's behalf, the Employer is allowed until that later date to pay for coverage of similarly situated nonCOBRA beneficiaries for the period.

Notwithstanding the above paragraph, a Plan cannot require payment for any period of COBRA continuation coverage for a Qualified Beneficiary earlier than 45 days after the date on which the election of COBRA continuation coverage is made for that Qualified Beneficiary. Payment is considered made on the date on which it is sent to the Plan.

If Timely Payment is made to the Plan in an amount that is not significantly less than the amount the Plan requires to be paid for a period of coverage, then the amount paid will be deemed to satisfy the Plan's requirement for the amount to be paid, unless the Plan notifies the Qualified Beneficiary of the amount of the deficiency and grants a reasonable period of time for payment of the deficiency to be made. A "reasonable period of time" is 30 days after the notice is provided. A shortfall in a Timely Payment is not significant if it is no greater than the lesser of \$50 or 10% of the required amount.

Must a qualified beneficiary be given the right to enroll in a conversion health plan at the end of the maximum coverage period for COBRA continuation coverage? If a Qualified Beneficiary's COBRA continuation coverage under a group health plan ends as a result of the expiration of the applicable maximum coverage period, the Plan must, during the 180- day period that ends on that expiration date, provide the Qualified Beneficiary with the option of enrolling under a conversion health plan if such an option is otherwise generally available to similarly situated nonCOBRA beneficiaries under the Plan. If such a conversion option is not otherwise generally available, it need not be made available to Qualified Beneficiaries.

RESPONSIBILITIES FOR PLAN ADMINISTRATION

PLAN ADMINISTRATOR. Southeast Pipe Survey Employee Health Plan is the benefit plan of Southeast Pipe Survey, the Plan Administrator, also called the Plan Sponsor. It is to be administered by the Plan Administrator in accordance with the provisions of ERISA. An individual may be appointed by Southeast Pipe Survey to be Plan Administrator and serve at the convenience of the Employer. If the Plan Administrator resigns, dies or is otherwise removed from the position, Southeast Pipe Survey shall appoint a new Plan Administrator as soon as reasonably possible.

The Plan Administrator shall administer this Plan in accordance with its terms and establish its policies, interpretations, practices, and procedures. It is the express intent of this Plan that the Plan Administrator shall have maximum legal discretionary authority to construe and interpret the terms and provisions of the Plan, to make determinations regarding issues which relate to eligibility for benefits, to decide disputes which may arise relative to a Plan Participant's rights, and to decide questions of Plan interpretation and those of fact relating to the Plan. The decisions of the Plan Administrator will be final and binding on all interested parties.

Service of legal process may be made upon the Plan Administrator.

DUTIES OF THE PLAN ADMINISTRATOR.

- (1) To administer the Plan in accordance with its terms.
- (2) To interpret the Plan, including the right to remedy possible ambiguities, inconsistencies or omissions.
- (3) To decide disputes which may arise relative to a Plan Participant's rights.
- (4) To prescribe procedures for filing a claim for benefits and to review claim denials.
- (5) To keep and maintain the Plan documents and all other records pertaining to the Plan.
- (6) To appoint a Plan supervisor to pay claims.
- (7) To perform all necessary reporting as required by ERISA.
- (8) To establish and communicate procedures to determine whether a medical child support order is qualified under ERISA Sec. 609.
- (9) To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate.

PLAN ADMINISTRATOR COMPENSATION. The Plan Administrator serves **without** compensation; however, all expenses for plan administration, including compensation for hired services, will be paid by the Plan.

FIDUCIARY. A fiduciary exercises discretionary authority or control over management of the Plan or the disposition of its assets, renders investment advice to the Plan or has discretionary authority or responsibility in the administration of the Plan.

FIDUCIARY DUTIES. A fiduciary must carry out his or her duties and responsibilities for the purpose of providing benefits to the Employees and their Dependent(s), and defraying reasonable expenses of administering the Plan. These are duties which must be carried out:

- (1) with care, skill, prudence and diligence under the given circumstances that a prudent person, acting in a like capacity and familiar with such matters, would use in a similar situation;
- (2) by diversifying the investments of the Plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and
- (3) in accordance with the Plan documents to the extent that they agree with ERISA.

THE NAMED FIDUCIARY. A "named fiduciary" is the one named in the Plan. A named fiduciary can appoint others to carry out fiduciary responsibilities (other than as a trustee) under the Plan. These other persons become fiduciaries themselves and are responsible for their acts under the Plan. To the extent that the named fiduciary allocates its responsibility to other persons, the named fiduciary shall not be liable for any act or omission of such person unless either:

- (1) the named fiduciary has violated its stated duties under ERISA in appointing the fiduciary, establishing the procedures to appoint the fiduciary or continuing either the appointment or the procedures; or
- (2) the named fiduciary breached its fiduciary responsibility under Section 405(a) of ERISA.

PLAN SUPERVISOR IS NOT A FIDUCIARY. A Plan supervisor is **not** a fiduciary under the Plan by virtue of paying claims in accordance with the Plan's rules as established by the Plan Administrator.

FUNDING THE PLAN AND PAYMENT OF BENEFITS

The cost of the Plan is funded as follows:

For Employee and Dependent Coverage: Funding is derived from the funds of the Employer and contributions made by the covered Employees.

The level of any Employee contributions will be set by the Plan Administrator. These Employee contributions will be used in funding the cost of the Plan as soon as practicable after they have been received from the Employee or withheld from the Employee's pay through payroll deduction.

Benefits are paid directly from the Plan through the Plan supervisor.

PLAN IS NOT AN EMPLOYMENT CONTRACT

The Plan is not to be construed as a contract for or of employment.

CLERICAL ERROR

Any clerical error by the Plan Administrator or an agent of the Plan Administrator in keeping pertinent records or a delay in making any changes will not invalidate coverage otherwise validly in force or continue coverage validly terminated. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, due to a clerical error, an overpayment occurs in a Plan reimbursement amount, the Plan retains a contractual right to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money. In the case of a Plan Participant, if it is requested, the amount of overpayment will be deducted from future benefits payable.

AMENDING AND TERMINATING THE PLAN

If the Plan is terminated, the rights of the Plan Participants are limited to expenses incurred before termination.

The Employer intends to maintain this Plan indefinitely; however, it reserves the right, at any time, to amend, suspend or terminate the Plan in whole or in part. This includes amending the benefits under the Plan or the Trust agreement (if any).

CERTAIN PLAN PARTICIPANTS RIGHTS UNDER ERISA

Plan Participants in this Plan are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA specifies that all Plan Participants shall be entitled to:

Examine, without charge, at the Plan Administrator's office, all Plan documents and copies of all documents governing the Plan, including a copy of the latest annual report (form 5500 series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Pension and Welfare Benefits Administration.

Obtain copies of all Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for the copies.

Continue health care coverage for a Plan Participant, Spouse, or other dependents if there is a loss of coverage under the Plan as a result of a qualifying event. Employees or dependents may have to pay for such coverage.

Review this summary plan description and the documents governing the Plan or the rules governing COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for Pre-Existing Conditions under this group health Plan, if an Employee or dependent has Creditable Coverage from another plan. The Employee or dependent should be provided a certificate of Creditable Coverage, free of charge, from the group health plan or health insurance issuer when coverage is lost under the plan, when a person becomes entitled to elect COBRA continuation coverage, when COBRA continuation coverage ceases, if a person requests it before losing coverage, or if a person requests it up to 24 months after losing coverage. Without evidence of Creditable Coverage, a Plan Participant may be subject to a Pre-Existing Conditions exclusion for 12 months (18 months for Late Enrollees) after the Enrollment Date of coverage.

If a Plan Participant's claim for a benefit is denied or ignored, in whole or in part, the participant has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps a Plan Participant can take to enforce the above rights. For instance, if a Plan Participant requests a copy of Plan documents or the latest annual report from the Plan and does not receive them within 30 days, he or she may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and to pay the Plan Participant up to \$110 a day until he or she receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If the Plan Participant has a claim for benefits which is denied or ignored, in whole or in part, the participant may file suit in state or federal court.

In addition, if a Plan Participant disagrees with the Plan's decision or lack thereof concerning the qualified status of a medical child support order, he or she may file suit in federal court.

In addition to creating rights for Plan Participants, ERISA imposes obligations upon the individuals who are responsible for the operation of the Plan. The individuals who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of the Plan Participants and their beneficiaries. No one, including the Employer or any other person, may fire a Plan Participant or otherwise discriminate against a Plan Participant in any way to prevent the Plan Participant from obtaining benefits under the Plan or from exercising his or her rights under ERISA.

If it should happen that the Plan fiduciaries misuse the Plan's money, or if a Plan Participant is discriminated against for asserting his or her rights, he or she may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. If the Plan Participant is successful, the court may order the person sued to pay these costs and fees. If the Plan Participant loses, the court may order him or her to pay these costs and fees, for example, if it finds the claim or suit to be frivolous.

If the Plan Participant has any questions about the Plan, he or she should contact the Plan Administrator. If the Plan Participant has any questions about this statement or his or her rights under ERISA or the Health Insurance Portability and Accountability Act (HIPAA), that Plan Participant should contact either the nearest area office of the Pension and Welfare Benefits Administration, U.S. Department of Labor listed in the telephone directory or the Division of Technical Assistance and Inquiries, Pension and Welfare Benefits Administration, at 200 Constitution Avenue, N.W., Washington, DC 20210.

HIPAA PRIVACY PROVISIONS

Certain members of the Employer's workforce perform services in connection with administration of the Plan. In order to perform these services, it is necessary for these employees from time to time to have access to Protected Health Information (as defined below). Under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Part 164, the "Privacy Standards"), these employees are permitted to have such access only in accordance with the Privacy Standards. Therefore, effective April 14, 2004, as follows:

- (1) **General.** The Plan shall not disclose Protected Health Information to any member of Employer's workforce unless each of the conditions set are met.
